Records Retention Schedules

Records retention schedules represent the period of time that records must be kept according to legal and/or organizational requirements.

This covers retention schedules for seven different groups of diocesan/parish records:

- Administrative
- Personnel
- Financial
- Property
- Cemetery
- Publications
- Sacramental

Within each group, different series are listed followed by a retention period. Records older than the retention period should be destroyed. Those of permanent value should be stored appropriately.

Administrative Records

These records are produced in the course of the management of the affairs of the diocese/parish.

Personnel Records

A personnel file should be maintained for each active diocesan/parish employee. That file should

contain the following:

- Employee application
- Resume
- Salary information
- · Sick leave taken and accrued
- Vacation record
- Performance evaluations
- W-4 form and state withholding forms
- Results of background checks

A completed Eligibility Verification form (I-9) must be on file for each employee. It is recommended that these forms be maintained in a file separate from the employee's personnel file.

These records are *confidential* and should be made available only to diocesan/parish representatives with a legitimate right to know, unless their disclosure is compelled by some legal action. In many states, employees and former employees have the right to inspect their own personnel files. The diocese/parish/organization/employer has the right to require that the request be in writing and has a stated number of working days to comply with the request. Several items likely to be in a personnel file are specifically excluded from mandatory inspection in many states:

- investigation of criminal offenses
- reference letters
- test documents
- materials dealing with staff management planning
- personal information concerning another employee that could, if released, be an invasion of privacy
- records relating to a pending legal claim that would be discoverable in court
