

Baby Boomers are turning 65 at a rate of more than 10,000 per day. Many are not prepared to make the proper retiree health decisions they will face.

UNDERSTANDING MEDICARE

Individuals turning 65, and those over 65, can have many important questions that need to be answered, such as:

- Will I continue to work past 65?
- Will I automatically be enrolled in Medicare when I turn 65?
- If I delay enrolling in Medicare, is there a time to enroll in the future?
- If I work past 65, should I stay on a group health plan, enroll in Medicare with a supplement or Medicare Advantage plan?
- Can I be in Medicare *and* continue to contribute to my HSA?

HUB International Great Plains represents many different Medicare supplement plans. Let us help compare the choices/coverages and then identify the best plan at the best value for your specific needs. There is no cost or obligation.

Aaron Janssen, Medicare Specialist

Aaron's goal is to help people understand Medicare and the many healthcare options available. Are you or a family member eligible for Medicare? Contact Aaron to set up a meeting to review your individual situation, explain the Medicare basics and help determine your best options. Areas of discussion would be:

605.367.6374
